OUR MISSION

Educational excellence tailored to the individual in a community of life-long learning.

OUR VISION

International School of Kuantan will provide a holistic education founded on our core values while pursuing academic excellence, competency in 21st Century skills and developing globally aware citizens.

ISK CORE VALUES

“

"THERE ARE OBVIOUSLY TWO EDUCATIONS. ONE SHOULD TEACH US HOW TO MAKE A LIVING AND THE OTHER HOW TO LIVE"
- JAMES TRUSLOW ADAMS -

Although academic excellence is important, ISK understands that more is required of today's youth for them to take their place as leaders in the global community. Through our Core Values, we aim to equip our students with not just knowledge, but the life-skills that will enable them to reach their full potential and become self-reliant and responsible adults.

ISK CLIPPER VALUES

7. RESPECT

WHY ISK?

At International School of Kuantan, we are proud to be the only accredited international school on the East Coast of Malaysia delivering the Cambridge curriculum from Year 1 to Year 11. Our primary programme is enriched through a thematic, inquiry-driven approach inspired by leading international practices, nurturing confident, independent learners. Students progress seamlessly towards the IGCSE, equipping them with internationally recognized qualifications and a strong foundation for future success.

We believe that ISK's location in the East Coast of Malaysia is a significant draw for international students seeking an enriching and immersive educational experience. The region offers a vibrant and diverse culture, stunning natural scenery, and a supportive community that encourages cross-cultural exchange.

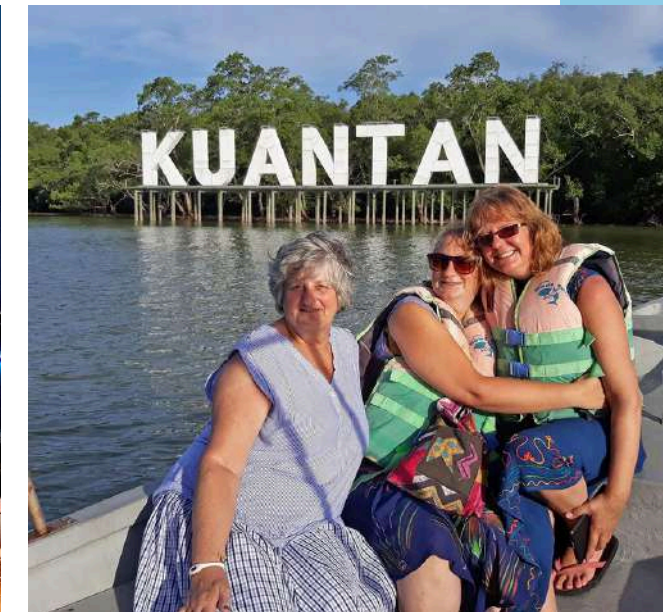

WHY KUANTAN?

Kuantan, the capital of Pahang, Malaysia, is a vibrant and welcoming city that offers something for everyone. Its pristine beaches, lush natural landscapes, and exciting outdoor activities make it perfect for adventure and relaxation alike.

The city is rich in cultural heritage, with festivals, traditional arts, and local cuisine that give a taste of Malaysia's diversity. From bustling markets and shopping destinations to thrilling water sports, Kuantan has it all.

Combined with the warm hospitality of its people, Kuantan is not only an attractive destination for tourists but also an inspiring place to live, learn, and grow.

WHY WASC?

Meeting Internationally Recognised Standards of Excellence in Education

Why WASC accreditation matters?

The International School of Kuantan is proud to be accredited by the Western Association of Schools and Colleges (WASC), one of the world's most respected accreditation bodies.

WASC accreditation ensures that ISK:

- Provides a high-quality , student-centred learning experience
- Meets internationally recognized standards in teaching, curriculum, and leadership.
- Is committed to continuous improvement, keeping education relevant, rigorous, and future-ready
- Offers credentials that are trusted and recognised by universities worldwide.

○ ○ ○ ○

ACADEMIC PROGRAMMES

○ ○ ○ ○

PRIMARY SCHOOL (YEAR 1 - 6)

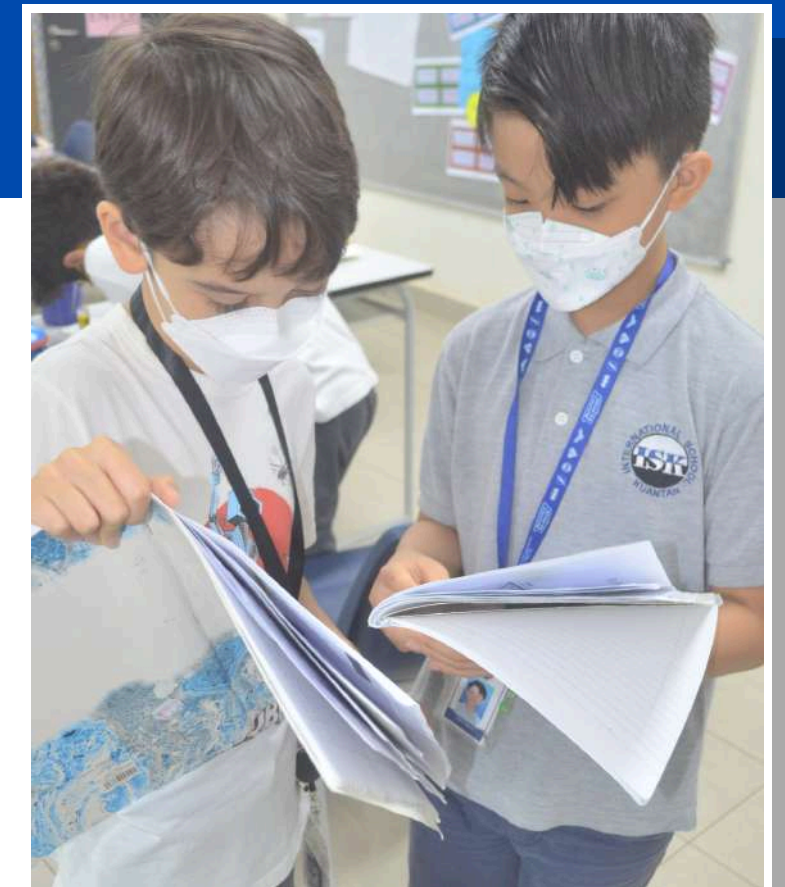

Our Primary School program offers a wide range of learning activities across all subject areas, providing a strong English language environment and guided by qualified, professional faculty who are committed to nurturing and inspiring each student to reach their fullest potential. The program fosters a constructive and engaging learning environment, using thematic and inquiry-based approaches that encourage curiosity, creativity, and a love of learning.

At Primary School level, subjects include:

English
Mathematics
Science
Bahasa Melayu
Mandarin

Digital Literacy
Music
Physical Education
Islamic Studies
Wellbeing

INTERNATIONAL PRIMARY CURRICULUM (IPC)

The International Primary Curriculum (IPC) develops children aged 5-11 into informed, globally competent, and future-ready learners. Influenced by progressive pedagogy, metacognition and primary education best practice, the IPC can be tailored to fit the children's needs while developing their knowledge, skills and understanding. Through thematic units teachers can create fun and engaging learning opportunities that enable learners to make connections between subjects and the world around them.

- It's flexible and can be adapted to children's interests and level of understanding
- It can be integrated with other curriculum to ensure you're meeting statutory requirements, in a creative and engaging way
- It offers simple but structured curriculum focussed around subject, personal and international learning goals
- IPC learners become Globally Competent learners, developing their understanding of the world
- IPC helps engage parents with learning, and to understand the relevance of learning in the classroom and at home
- Assessment is done by teachers and children to help engage them with learning, and understand their level of skills and knowledge
- The IPC encourages collaboration and reflection not just between teachers and pupils, but amongst teachers within the school and worldwide

Lower Secondary (Year 7 - Year 9)

We strive to provide our students with an education that will encourage them to become not only independent and responsible adults, but also life-long learners. Students are also immersed in a rich program of arts and athletics designed to provide students with a well-rounded high school experience.

At Lower Secondary level, subjects include :

English, Foreign Languages (Chinese, Arabic, Malay), Humanities, Mathematics, Science, Music and Physical Education.

Upper Secondary (Year 10 - Year 11)

Our curriculum is enriched by high-quality learning resources from leading educational publishers, while students integrate digital tools across all subjects to deepen understanding and engagement. This approach equips them with the skills and confidence needed for success in higher education, while fostering curiosity, creativity, and independent learning.

At Upper Secondary level, subjects include:

English

English - First Language

English as a Second Language

Creative & Profesional

Music

Physical Education

Mathematics

Mathematics

*Mathematics - Additional

Humanities & Social Sciences

Geography

Global Perspective

Sciences

Biology

Physics

*Chemistry

Combine Science

¹ Leadership Pathway (Pillar 1): Ranger Camp (Y1–2) → Youth Leaders Programme (Y3–6) → Emerging Leaders Programme (Lower Sec.) → Leadership Camp (Upper Sec. & A-Level). Placement subject to age eligibility.

² Sport (Pillar 2): Available sports include Swimming, Equestrian, Golf, and Racket Sports (Tennis / Pickleball / Padel). Specific offerings are subject to facility availability and management's final decision. Student allocation is based on age-appropriateness and capacity.

³ Language (Pillar 4): Japanese and Korean are the primary language electives. Other language options (e.g. Mandarin, French, Arabic) may be offered subject to enrolment demand and teacher availability.

⁴ Summer Enrichment Camp: The camp focuses on English Language Immersion and/or Foreign Language Exposure, Etiquette & Social Grace, and Professional Development soft skills. Compulsory for A-Level students. Programme may vary by cohort and are subject to management's discretion.

⁵ Examination Fees: Fees shown are estimated based on current examination board rates. Final amounts are subject to official board tariffs at time of registration.

PHILOSOPHY OF ELECTIVE PROGRAMME

Our elective programme is designed to provide students with holistic development beyond the academic classroom.

The programme aims to:

- Develop leadership, discipline, creativity and global awareness
- Provide structured opportunities for talent discovery
- Encourage experiential and practical learning
- Nurture confident, capable and well-rounded individuals

MANDATORY CORE ELECTIVES

Mandatory electives ensure that every student receives essential development in key areas. These programme focus on building:

- Leadership and character
- Physical fitness and discipline
- Teamwork and resilience
- Personal confidence

All students will participate in these activities as part of the school's core development programme.

PILLAR 1: LEADERSHIP & STATEMANSHIP

Primary School

The ISK Ranger and Primary Youth Development Programme supports students' holistic growth through meaningful, hands-on learning experiences. It focuses on building strong character by promoting values such as responsibility, respect, perseverance, and integrity, while equipping students with essential life skills like teamwork, problem-solving, communication, and independence. The programme also nurtures leadership and collaboration, encourages curiosity and resilience through outdoor and experiential activities, and inspires students to contribute positively to their school and wider community.

PILLAR 1: LEADERSHIP & STATEMANSHIP

Secondary School

The Emerging Leaders Programme and Leadership Camp is designed to develop confident, capable young leaders by engaging students in project-based leadership experiences and practical skill-building. It focuses on strengthening their ability to plan, organise, and lead activities, while building confidence in communication and public speaking. The programme also promotes teamwork, collaboration, and responsibility, enhances decision-making and problem-solving skills, and equips students with essential competencies in conflict management and effective communication.

ISK students embody performance discipline. Physical excellence, mental resilience, and emotional regulation are treated as foundational competencies. Structured sport and wellbeing programmes cultivate endurance, accountability and composure under pressure.

PILLAR 2: ELITE SPORT & DISCIPLINE

PILLAR 3: INNOVATION & VALUE CREATION

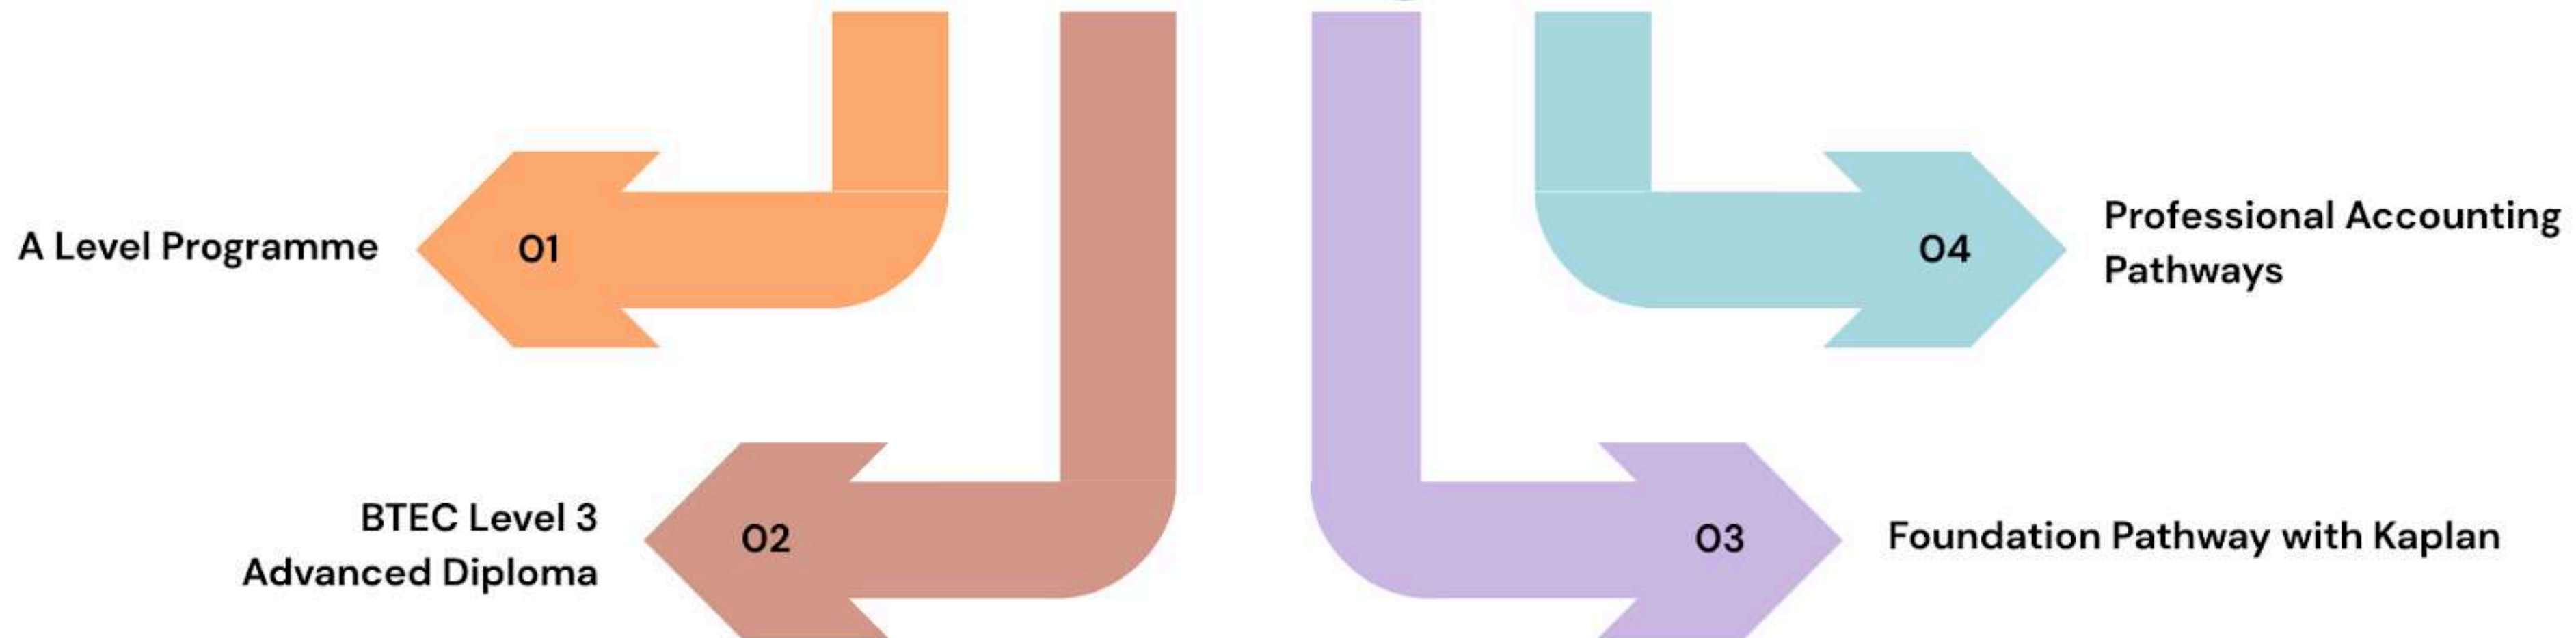

This programme is designed to transform students from passive learners into active creators and problem solvers through engaging, hands-on experiences that integrate technical knowledge with essential life skills. It encourages students to think creatively and critically, apply their learning to real-world challenges, and develop an entrepreneurial mindset. Through this process, students gain the confidence and ability to turn their ideas into meaningful, practical, and impactful solutions.

The initiatives under Pillar 4 aim to develop well-rounded students who possess strong cultural awareness, refined social skills, and the confidence to engage effectively in both local and global environments. Through multilingual education, international exposure, leadership opportunities, and participation in academic and creative competitions, the school seeks to cultivate students who are intellectually capable, culturally sensitive, and global minded.

PILLAR 4: CULTURE, REFINEMENT, & GLOBAL CONFIDENCE

OUR ACADEMIC PATHWAYS

Pathway and Qualification After Cambridge IGCSE

PATHWAYS & QUALIFICATION

A Level

Students may continue with the Cambridge A-Level pathway, preparing for entry into universities worldwide.

BTEC Level 3

Students who wish to pursue a more applied learning pathway may progress to the BTEC Level 3 Advanced Diploma, by taking additional specialised subjects.

The BTEC programme is designed to be coursework-based and skills-oriented.

Foundation with Kaplan

Students may enter foundation programmes leading to universities in the United Kingdom, with ISK acting as a recruitment and preparation partner.

Professional Accounting

- Students interested in accounting and finance may pursue professional qualifications such as ACCA or ICAEW.

Association of Chartered Certified Accountants (ACCA)

Institute of Chartered Accountants in England and Wales (ICAEW)

A LEVEL CAMBRIDGE TO UNIVERSITY

Students interested in pursuing higher education through Cambridge qualifications can apply using Cambridge International AS Levels or A Levels. These qualifications are accepted by many universities worldwide, including in the US, Canada, Australia, and New Zealand. The Cambridge International AS Levels contain half the content of an A Level, allowing students to complete the qualification in one year or less, followed by a university degree course of typically three to four years. For those interested in a more structured path, the Cambridge International A Level is typically a two-year course, offering a range of subjects to study.

**In addition, some universities in the US and Canada offer Cambridge International AS Level students up to a semester's worth of credit, potentially reducing the time to their degrees even further.*

BTEC INTERNATIONAL LEVEL 3

BTEC International Level 3 offers learners aged 16 and above the knowledge, understanding and skills that they need to prepare for a career, continue in further education, or progress to higher education.

BTEC qualifications are available across a wide range of sectors, catering to learners who wish to explore a work-related qualification or gain insight into a specific industry area. They provide learners with essential industry knowledge, transferable skills, and professional behaviours, preparing them for a successful career or further education. The courses feature a flexible and modular structure, allowing them to fit seamlessly into existing curriculum requirements. BTEC qualifications are recognised by many universities and Higher Education Institutes worldwide as an entry qualification for relevant first-year degree programmes

FOUNDATION WITH KAPLAN

Kaplan International Pathways offers preparatory programs designed to help international students qualify for bachelor's degrees at prestigious universities worldwide. Participants can enhance their academic skills, improve their English proficiency, and secure guaranteed admission to a degree program upon successful completion. Beyond the United Kingdom, the organization provides similar pathway options and support services in the United States, Canada, Australia, and New Zealand.

STUDENT DEVELOPMENT & ENRICHMENT

ASSESSMENT & EXAMINATIONS

- Our assessment framework is designed to ensure a balanced and fair evaluation of student learning. 60% of the overall assessment is based on End-of-Year Examinations, which measure students' mastery of knowledge and skills while preparing them for Cambridge IGCSE external examinations.
- A further 30% is derived from coursework, project work, and mock examinations. This component encourages research, creativity, and the practical application of knowledge, while also familiarising students with Cambridge examination formats and expectations.
- The remaining 10% comes from regular in-class assessments and checkpoints. Through quizzes, formative assessments, and ongoing classroom monitoring, teachers are able to track student understanding and provide timely, targeted feedback to support continuous improvement.
- In addition, the school conducts mock examinations and provides structured support for Cambridge external assessments, including Checkpoint and IGCSE examinations.

ENGLISH LANGUAGE DEVELOPMENT

Supporting Students in English

- As English is the medium of instruction at ISK, we provide targeted English language development to support students in accessing the curriculum with confidence. This support is designed especially for students who are still developing their proficiency in English.
- Through structured guidance and personalized support, students build their speaking, listening, reading and writing skills while actively participating in their regular classes. Our approach ensures that language development takes place alongside academic learning.
- As students gained confidence and proficiency, they gradually become fully independent in English and continue to thrive within the mainstream learning environment.

HOLISTIC DEVELOPMENT

- At ISK, we believe that every student possesses unique strengths and talents that should be nurtured and developed. While we prepare students for university, we also place strong emphasis on shaping independent, self-motivated, and lifelong learners.
- To support this, we provide opportunities for students to express themselves creatively, take initiative, and discover their interests and potential. Our extracurricular activities are largely student-led, fostering leadership, responsibility, and collaboration across year levels.
- Current offerings include the Taekwondo Club, Forensics Club, Yearbook Club, and the Student Council, which brings together representatives from different year groups to lead and serve the school community.

SUMMER SCHOOL

- ISK offers a dynamic, project-based Summer School that engages students while developing skills for the future. Open to current ISK students, incoming students, and learners from the wider region, it gives participants a chance to experience life at ISK while exploring new interests.
- Students can choose classes across STEM, Creative Arts & Storytelling, Leadership & Future Careers, Adventure & Creative Exploration, and Language Discovery. Through experiential learning and collaborative projects, students build confidence, creativity, critical thinking, and leadership skills, culminating in a final project or presentation.

Signature Experiences

- Creative projects, digital design, photography, and eco-science
- Storytelling, drama, and performing arts workshops
- Leadership challenges, startup simulations, and problem-solving activities
- Language discovery in English, Korean, Japanese, and Arabic

SCHOOL HOUSES

The school houses were named Hawks, Falcons and Eagles. Each house has a theme color, either black, blue and white. Every student who joins ISK is placed into one of the three houses, in order to help our students learn the core values that are outlined in the ISK Core Values.

Students from different grades come together under their respective houses for service learning and also compete for extracurricular, or other interpersonal development activities and events. This fosters good sportsmanship and school spirit among the students.

MANAGEMENT PROFILE

DATIN AINUL LATIFAH ISMAIL

• CHIEF EXECUTIVE OFFICER

Introduction

Ainul Latifah Ismail identifies herself as a result-driven, multidisciplined person in diverse marketplaces, who excels in administration of timely project completion, financial analysis and client relationship accountability. As a self-motivated individual, she can drive organisational expansion, achieve optimal productivity, and penetrate competitive markets while maintaining peak quality services and meeting aggressive business objectives. She graduated with a double major in Finance & Economics within two years from Iowa State University, U.S.A in 1986, and has over 37 years of experience in corporate banking & finance, as well as project management.

DD Associates Sdn Bhd. - Project & Finance Director

- An experienced finance director with solid credit control, revenue collection and management of financial audit reports.
- Managed communication process across various departments and project consultants. Organised, facilitated, as well as prepared the Progress Report in managing the construction of orphanages, schools, and colleges, totalling over RM300m ahead of the completion targets.
- Ensured conformity to approved building plans & design specifications while maintaining safety and productivity at construction sites. She also assured that occupational health & safety regulations were always adhered to.
- Identified improvement changes regarding key processes for internal control and accounting procedures.

(Continued on next page)

(Continued from previous page)

- Developed forecasting tools to analyse revenue variance, business pipeline, and industry trends.
- Assisted in preparing project proposals including financial spreadsheets for low credit facilities to improve velocity and cost of capital.
- Dealt with the project team on due diligence for modelling, documentation, and funding transactions to establish a timeline on top of ensuring positive cash flow for all the projects.

Maybank Bhd - Branch & Corporate Manager

- Possesses excellent communication & interpersonal skills, which provided excellent advisory on a full array of leadingedge products and secured multi-million mortgages and other corporate loan portfolios encompassing a wide range of clienteles.
- Provided direction to the bank's corporate loan department to ensure the accuracy of loan assessments for BOD approval, disbursement, security documents, and credit collection.
- Coached and mentored all levels of staff personnel as they developed refined credit underwriting skills, as well as negotiation and selling techniques.
- Set up a new branch in the Northern region to market for corporate loans which had made profit after 3 months of operations.
- Recognised as the Best Collection Control of Loan Facilities for 3 years in a row while at Maybank Bhd.
- Took a proactive approach to client planning across the portfolio and collaborated with bank guidelines for credit facilities.
- Explored the Shared financing scheme for the Northern region and achieved 180% success of the expected target.
- Pioneered and established various Islamic Banking facilities and assessed risk profiles for over 35 companies, set up application according to repayment source, industry risk, liquidity, asset protection, and projected operating performance as well as capital structure.

DATO SAZALI MOHAMAD SALLEH

• CHIEF OPERATING OFFICER

Introduction

Dato' Sazali M. Salleh has more than 30 years of corporate and business development experience, primarily in the fields of Project Development, Construction, and Project Delivery. His distinctive leadership skills, highly meticulous nature, self-confidence, and hard-earned experiences in various industries constantly elevated him to top positions in all the esteemed establishments he was involved in.

Career Development

After graduating with a Master of Architecture from Los Angeles, California, in 1990, he started his career at Hijjas Kasturi Associates Sdn., the top architectural office in Kuala Lumpur at the time. In 1993, together with a former colleague, he founded Design Dimension Architect, which later led to the formation of the Design Dimension Group of Companies with him as the Group Managing Director, having interests in Interior Design, Landscape Design, and Project Management Consultancy. To further sharpen his expertise in the construction industry, Dato' Sazali set up Mahtera Lela Sdn. Bhd. in 1996, a construction company he had successfully nurtured from humble beginnings to be a PKK Class 'A', and CIDB G7 with an ISO9001 Certification, focusing mostly on school buildings and government complexes, with a total turnover of RM200 million within 10 years. Dato' Mohamad Nor Khalid, a.k.a LAT, the renowned artist, was so impressed with him and nominated him for the Eisenhower Fellowship. However, after being shortlisted for the top 3, he had to turn it down due to work demand and extensive travelling required by the program. Nevertheless, he still accepted the appointment to be the CEO of Rumah Lat Sdn. Bhd, and was entrusted to conceptualise, design, develop and build the 'Kampung Boy' house, now completed in Batu Gajah, which was fashioned after the original house that Lat had lived in, including Lat's Gallery Complex.

DR. KEE CHIN HUI

• PRINCIPAL

Introduction

Dr. Kee is a dedicated and accomplished education professional with over a decade of experience in school leadership, teaching, and curriculum development. Currently serving as the Principal of International School Kuantan since August 2023, Dr. Kee is responsible for overseeing the school's comprehensive educational program, managing recruitment, curriculum development, pedagogy, and faculty appraisal for grades K-12. Collaborating closely with the CEO, COO and the School Board of Governors, Dr. Kee contributes to general governance and policy establishment and has served as the secretary on the School Board of Governors as stipulated by the Ministry of Education Malaysia.

Education Background

Dr. Kee has a strong academic background, having been awarded a Ph.D. scholarship by the Ministry of Science, Technology and Innovation under the National Science Fellowship. She also received support for her Master's studies through the University of Malaya Tutorship. Committed to continuous professional growth, she completed a Postgraduate Diploma in Teaching (PGDT) at Open University Malaysia in 2022, graduating with a CGPA of 4.00.

Her academic journey reflects both subject expertise and a dedication to effective teaching, which she brings into the classroom to support student learning and development.

Professional Journey and Career Development Highlights - University of Malaya

Dr. Kee began her career in research, serving as a Research Fellow at the Centre for Natural Products and Drug Discovery (CENAR), University of Malaya. Her work focused on chemical modification of compounds, synthesis of complex organic molecules, and the development of new methodologies. In recognition of her contributions, she was awarded the prestigious “*Bourses de stage*” by the French Embassy, which enabled her to undertake a research exchange at the *Centre National de la Recherche Scientifique* (CNRS) in France. This experience highlights her strong research background and engagement with the international scientific community.

Professional Journey and Career Development Highlights - International School of Kuantan

Dr. Kee began her journey at International School Kuantan in December 2015 as a teacher and was promoted to Head of the Math and Science Department in August 2016, teaching subjects including AP Chemistry, Chemistry, AP Calculus, Pre-Calculus, Advanced Algebra, and Algebra, as well as overseeing SAT proctoring. From July 2020 to December 2022, she served as Teaching and Learning Coordinator, supporting curriculum development, monitoring student progress, and enhancing teaching and learning practices. Dr. Kee then served as Interim Principal from January to July 2023, managing school policies and procedures to ensure a safe and effective learning environment. She was appointed Principal in July 2023. In addition, she served as WASC Co-Coordinator, working closely on accreditation processes to ensure the school met international standards of excellence.

ACADEMIC STAFF PROFILE

DR. KEE CHIN HUI

• PRINCIPAL

- Doctor of Philosophy (Synthetic Medicinal Chemistry), University of Malaya (UM)
- Dr. Kee Chin Hui is an education leader with over a decade of experience in international schooling. Appointed Principal in August 2023, she oversees the academic and operational functions of the International School of Kuantan, including curriculum, teaching and learning, and staff development across K–12. She works closely with the School Board to support strategic direction and policy implementation.
- Having joined the school in 2015, Dr. Kee has held several key leadership roles, including Head of Department, Teaching and Learning Coordinator, and Interim Principal.
- A key area of her work has been in accreditation, where she served as WASC Co-Coordinator, supporting the school through its accreditation process and ensuring alignment with international standards. Her experience in this area continues to inform her focus on quality assurance and continuous improvement across the school.

DR. IRENE WAN YOKE QUIN

• SECONDARY SCHOOL ENGLISH TEACHER

- PhD in Learning, Teaching and Curriculum (English Education), University of Missouri, USA.
- Dr. Irene brings extensive experience teaching diverse English language learners, across all proficiency levels. This experience has given her a strong understanding of learners' unique needs and the ability to design lessons tailored to their strengths and challenges. She also has significant experience preparing secondary students for high-stakes English examinations, while also equipping them with the skills and confidence to succeed in higher education. She provides guidance and support to both students and parents throughout the process.
- She is a member of the ISK Forensics Teachers' Team, training and mentoring students for competitions. Through this experience, she has learned that students need support not only in managing pressure but also in handling success. She helps them develop resilience and a growth mindset to navigate challenges and reach their full potential. She also collaborates with colleagues to provide students with opportunities to participate in academic competitions across disciplines, gaining valuable global exposure.

RACHAEL ALFRED

• ELEMENTARY SCHOOL TEACHER

- Bachelor of Science, Upper Iowa University
- Meet our dedicated educator who began her teaching journey in 2014, guided by a genuine passion for nurturing young learners and supporting their growth. With 12 years of experience in international school settings, she has worked extensively with students in both primary and elementary levels, bringing a thoughtful and student-centered approach to her teaching.
- Her classroom is a space where curiosity is encouraged, confidence is built, and every child feels valued. She believes strongly in developing a growth mindset, helping students embrace challenges and recognise their own potential. Her commitment to supporting students through both academic and personal development has contributed to her strong track record of student success.
- Known for her dedication, warmth, and engaging teaching style, she goes beyond traditional teaching to create a learning environment that is both stimulating and meaningful. Her students not only achieve strong academic results but also develop confidence, curiosity, and a genuine love for learning that stays with them beyond the classroom.

NURUL HUDA HAMZAH

• SCIENCE, MATHEMATICS, GEOGRAPHY & MALAY - FOREIGN LANGUAGE TEACHER

- Master of Science in Educational Management, Universiti Utara Malaysia (UUM)
- Fueled by a profound passion for student learning, Nurul specializes in teaching a diverse array of subjects, including science, world geography, and earth science. Her dedication extends beyond simply imparting knowledge; she is committed to creating a stimulating and engaging learning environment that fosters intellectual curiosity and critical thinking.
- Nurul's approach involves integrating innovative teaching methods and interactive activities to make complex concepts accessible and enjoyable for her students. She designs her lessons to be both educational and captivating, ensuring that each student feels motivated and inspired to explore the subjects in depth. By encouraging active participation and inquiry-based learning, Nurul helps students develop a deeper understanding of the material and a genuine interest in the topics they study. Her expertise in various academic fields, combined with her ability to connect with students on an individual level, enhances the overall learning experience and promotes a love for lifelong learning. Nurul's unwavering commitment to educational excellence and her ability to adapt her teaching strategies to meet diverse student needs make her an invaluable asset to the teaching community.

NUR FARHANA ZAINAL ZULIA

• ENGLISH & ART TEACHER

- Bachelor of Sciences in Economics, Purdue University, USA.
- Farhana brings 14 years of teaching experience, specialising in English across both international adult learners and school-aged students. She creates a supportive and engaging classroom environment, guided by her approachable yet professional demeanour.
- Her student-centred approach focuses on tailored instruction, developing strong language proficiency alongside critical thinking, communication skills, and cultural awareness. She has also demonstrated strong leadership, successfully coordinating the inaugural East Coast Forensics Tournament at ISK, engaging schools from across the region.

MOHAMAD SUHAIDIE BIN SAIFUL BAHARIM

• PHYSICAL EDUCATION TEACHER

- Bachelor of Sport Science (Coaching Science) (Hons.), Univeristi Pendidikan Sultan Idris (UPSI)
- With an unwavering passion for sports excellence, youth development, and physical fitness, he has built a distinguished career in physical education, athletic coaching, and student mentorship. His skills extend beyond the field—championing student engagement, curriculum enhancement, and holistic development to ensure every student under his guidance develops discipline, resilience, and sportsmanship, equipping them to excel both academically and athletically.
- As a Physical Education Teacher at the International School of Kuantan, he has been instrumental in developing dynamic sports programs, fostering teamwork, and promoting health and fitness. His strategic approach integrates modern training techniques, psychological conditioning, and leadership cultivation, creating a well-rounded, high-impact learning environment.
- A firm believer in empowering youth through sports, he consistently inspires students to push their limits, embrace discipline, and adopt a growth mindset. His expertise in fitness coaching, sports science, and physical training has shaped talented athletes and future leaders. Through his vision, leadership, and dedication, he remains a pillar of excellence in physical education, leaving a lasting impact on students, athletes, and fellow educators alike.

SH FATIN AFIQAH SYED UZIR

• PRIMARY SCHOOL TEACHER

- Bachelor of Human Sciences in Psychology, International Islamic University of Malaysia (UIAM)
- With an extensive teaching background and an unwavering commitment to education, Sharifah Fatin Aqah stands out as an educator whose qualifications and expertise surpass the conventional requirements of her profession. Having a wide array of experiences of teaching at varying levels and age groups, she is an intellectual powerhouse whose depth of knowledge, and pedagogical mastery set are not to be mistaken due to her coy and calm attitude. Her journey in education has not only been dened by teaching—it is an ongoing pursuit of intellectual rigor, innovative teaching methodologies, and transformative learning experiences. Fatin excels in Early intervention for Special Needs children, from the ages of 18 months-old up until 9 years of age, ensuring that every single one of the students under her guidance receives an education that is both holistically enriching and intellectually stimulating.
- Beyond the classroom, she is a dedicated consultant, an advocate for parents to support their children's educational advancement, and a mentor who inspires students to push boundaries and achieve excellence. Her expertise spans basic exposure for children to Math and Sciences (3M), and she is deeply invested in fostering critical thinking, academic curiosity, and interdisciplinary learning. Her presence in ISK's eld of education is a testament to the power of knowledge, dedication, and passion for academic excellence. Few educators bring the level of expertise, scholarly distinction, and pedagogical depth that she does—making her not just an outstanding teacher, but an empathetic and compassionate academic leader, and supportive role model.

FARAH HANIM BINTI RAZALI

• PRIMARY AND SECONDARY SCHOOL ENGLISH TEACHER

- Bachelor in English Language with Instructional Leadership, Universiti Islam Pahang Sultan Ahmad Shah (UniPSAS)
- Farah is a dynamic and skilled Teacher with a proven track record of enhancing student learning through customized lesson plans and one-on-one coaching. Initially joined as a teacher trainee, quickly demonstrating exceptional abilities in classroom support, and was promoted due to strong performance.
- She is proficient in lesson preparation, vocabulary, grammar, and pronunciation instruction. She has demonstrated expertise in event planning and technical support, which contributed to a seamless and engaging educational experience.

KOCK WEN NI

• MANDARIN & BAHASA MELAYU TEACHER

- Bachelor's Degree in Media Studies and Communication, Universiti Malaya (UM)
- Master of Education (Primary School Education), Universiti Pendidikan Sultan Idris (UPSI)
- Wen Ni is committed to enhancing students' language proficiency through engaging and effective teaching approaches. Her experience as a Deputy Principal at various daycare centres has equipped her with strong organisational and leadership skills.
- In addition to her teaching role, she collaborates with ISK's overseas partners to promote the school to the China market, leveraging her multilingual abilities in Mandarin, Cantonese, and Hakka. Known for her discipline and strong sense of teamwork, she strives to contribute to ISK's growth and foster meaningful cultural exchange.
- Fluent in English, Malay, and Mandarin, Wen Ni is dedicated to creating a dynamic and supportive learning environment for her students.

PUTRI NURUL IZZAH BINTI AZMAN

• SECONDARY MATHEMATICS AND SCIENCE TEACHER

- Bachelor of Science (Biology with Education), University Putra Malaysia (UPM)
- Izzah is a forward-thinking Mathematics and Science educator dedicated to delivering high-impact, student-centred learning. She designs differentiated lessons that support diverse learners, breaking down complex concepts into clear, manageable steps supported by practical examples.
- Through continuous assessment and personalised feedback, she identifies learning gaps and supports students' progression from foundational understanding to higher-order thinking.
- Passionate about education, Izzah fosters confident, independent learners equipped to excel academically and beyond.

NUR FAJRINA BINTI MOHD NOH

• SECONDARY MATHEMATICS AND PHYSICS TEACHER

- Bachelor of Engineering (Hons) in Electrical Engineering (Power Systems), Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA)
- Fajrina teaches Mathematics and Physics with a practical and analytical approach. She guides students from foundational principles to more advanced applications through clear explanations, examples, and exercises. In Physics, she incorporates experiments to connect theory with real-world phenomena. Her teaching emphasises problem-solving, critical thinking, and hands-on learning, helping students build both understanding and confidence.
- In addition to her teaching role, Fajrina serves as the school's in-house Newsletter and Yearbook Coordinator, where she oversees the documentation of school events, including organizing photoshoots and compiling content for publication.

MOHAMAD ALTAF BIN HAZMI

• MUSIC TEACHER

- Bachelor's Degree in Music Performance (Flute), Universiti Teknologi MARA (UiTM)
- Altaf supports students in developing their musical skills, appreciation, and confidence through engaging and structured lessons. He teaches key musical concepts such as rhythm, melody, and harmony, while demonstrating techniques and modelling effective performance. In addition to the flute, he also teaches string instruments and piano, providing students with a well-rounded musical experience.
- Beyond the classroom, Altaf prepares and guides students for performances at school events, including directing stage performances and coordinating music and dance elements. He also contributes creatively to the school community, including composing the school song.
- Through regular feedback and guided practice, he supports students in developing their abilities from foundational skills to more advanced performance and interpretation, while nurturing creativity and a deeper appreciation for music.

AHMAD FAIQ AIZATT BIN ISHANUL FAZLI

• ISLAMIC STUDIES TEACHER

- Degree in Arabic Language and Islamic Studies , Islamic University of Medina, Saudi Arabia (UIM)
- Master of Islamic Finance, Islamic University of Pahang Sultan Ahmad Shah (UniPSAS)
- As an educator specializing in Arabic and Islamic Studies, Faiq believes that learning is a journey of both the mind and the soul. At ISK, he leads students through the intricacies of Hafazan and Islamic sciences using an engaging mix of storytelling, interactive discussion, and practical demonstrations of worship.
- By bridging the gap between classical Arabic terminology and modern understanding, he helps students develop a genuine love for the Qur'an and a firm grasp of Islamic history. His goal is to empower the next generation with a strong foundation in faith and a refined character (Akhlaq)

www.isk.edu.my

International School of Kuantan
Jalan IM 7/9, Bandar Indera Mahkota,
25200 Kuantan, Pahang

The background image shows a modern, multi-story school building. The building has a prominent glass facade on the right side, reflecting the sky and surrounding environment. A circular logo is visible on the glass, which reads 'INTERNATIONAL SCHOOL Kuantan' around the perimeter and 'ISK Kuantan' in the center. The building's architecture includes white walls, colorful accents (red and yellow) around the windows, and a covered entrance area supported by dark pillars. A large, semi-transparent blue hexagonal graphic is overlaid on the left side of the image, serving as a background for the text.

THANK YOU
